WINE - FACT SHEET

CHARDONNAY 2023 ■

Chardonnay is from our perspective probably the most typical white wine variety of the Burgenland. Because it is matured in big wooden barrels for a long time on the yeast, it obtains a strong, intensive character that makes it wonderful and incomparably typical for its origin of the northeastern side of Lake Neusiedl.

■ CHARACTER

a greenly yellow,
herbs, very intensive, spicy, light honey, banana
very harmonious acidity, light pepper in finish,
very long finish, high extract, a hint of

selection in the vineyard
